

Down by the River

Cody Johnson

It's Friday night
And the football game starts around 7:30
I shower up and put on my boots
Even though they're a little dirty
Pick up my baby at around 6:10
For a little pre-game fun
Buzzer sounds at the end of 4th quarter
And away we run

To that spot down by the river
Where worries ain't got no place to hang around
There'll be skinny dippin' & moon shine sippin'
And everybody's partying
Down at that spot down by the river

It's Sunday morning
And we just left church
And we're looking for something to do
I said, "I heard those bass were runnin'"
Let's see if it's true
Me and Nate grab a couple of poles
And we call up the girls on the phone
Said get up out of that Sunday dress
Your mama won't know you're gone

To that spot down by the river
Where worries ain't got no place to hang around
There'll be skinny dippin, and moon shine sippin'
And everybody's partying
Down at that spot down by the river

Well there's true love growin' straight off the vine
And a brand new bottle of sweet red wine
Try real hard for maybe just one kiss

At that spot down by the river
Where worries ain't got no place to hang around
There'll be skinny dippin, and moon shine sippin'
And everybody's partying
Down at that spot down by the river

At that spot down by the river

Down by the river
