

# Finally Free

Cody Johnson

It was the fourth of July and my heart sank  
I remember now everything that I tried to say  
Like I love you  
Something like I love you

I sang everything I felt on my guitar  
And I don't know why it was so damn hard just to sing to you  
But tonight I'm gonna sing to you

So raise the flag I'm finally free  
I found everything I need to get back to me  
And I found everything I've always only heard  
I've been looking for love  
And I think I finally found her

I watch the fireworks explode inside your eyes  
And I couldn't help myself I was hypnotized  
And I knew I wanted you  
Oh tonight I want you

Oh we danced all night underneath the stars  
And we wound up there on the hood of my car  
And I held you  
Oh tonight I wanna hold you

So raise the flag I'm finally free  
I found everything I need to get back to me  
And I found everything I've always only heard  
I've been looking for love  
And I think I finally found her

So raise the flag I'm finally free  
I found everything I need to get back to me  
And I found everything I've always only heard  
I've been looking for love  
I've been looking for love  
And I think I finally found her
