

# Jesus Ain't Watching

Cody Johnson

Traffics all backed up  
My brakes are all jacked up  
Well I wish I had a cold Bud Light in my hand  
It's been a month worth of hard work packed into one  
week  
This country boy's had about all he could stand  
Pass a billboard that says Jesus is watchin you  
Hope somebody turns his head cause what I'm about to do  
is

I'm gonna  
Turn this truck around tonight  
Go find me a place with beer on ice  
Get loose and get down with a rowdy crowd  
I'm gonna find me a little sweet young thing that talks  
with a little bit of Texas twang  
Find me an old dance floor and spin her around  
I sure hope that Jesus ain't watchin now

I've had it up to here  
My paychecks done cleared  
Now I've got everything I need to go and have a good  
time  
And when my day is done you know I'm gonna go find me a  
little bit of fun  
Get hemmed up somewhere with a kiss off tonight  
And I'm good and ready for at least a time or two  
I've heard all the words about the stuff I'm not  
supposed to do

Turn this truck around tonight  
Go find me a place with beer on ice  
Get loose and get down with a rowdy crowd  
I'm gonna find me a little sweet young thing that talks  
with a little bit of Texas twang  
Find me an old dance floor and spin her around  
I sure hope that Jesus ain't watchin now

Turn this truck around tonight  
Go find me a place with cold beer on ice  
Get loose and get down with a rowdy crowd  
I'm gonna find me a little sweet young thing that talks  
with a little bit of Texas twang  
Find me an old dance floor and spin her around  
Tonight I ain't gonna quit till I hit the ground  
I sure hope that Jesus ain't watchin now
