

# Nothin' on You

Cody Johnson

Wearing your black dress, red shoes  
Makeup, perfume, and diamonds  
You always impress, turn heads  
The second you walk through the door  
You're like a real life work of fine art  
Baby, you're priceless  
And I just wanna get home, get that black dress down on the floor

'Cause when you got nothin' on  
There ain't nothin' wrong  
Lovin' you all night long's all I wanna do  
I've seen the mountains high  
I've sailed the ocean blue  
But when you got nothin' on  
Ain't nothin' got nothin' on you

You're better than Venice, Vegas, New York, LA, Paris  
Baby, you're Vermont in the fall  
The Grand Canyon on a full moon  
Oh and they can keep those high rise, high priced mansions  
I wouldn't trade places  
Long as I'm here with you baby  
I've got a room with a view

'Cause when you got nothin' on  
There ain't nothin' wrong  
Lovin' you all night long's all I wanna do  
I've seen the mountains high  
I've sailed the ocean blue  
But when you got nothin' on  
Ain't nothin' got nothin' on you

Yeah, 'cause I've seen the mountains high  
I've sailed the ocean blue  
But when you got nothin' on  
Ain't nothin' got nothin' on you  
When you got nothin' on, ain't nothin' got nothin' on you  
Ain't nothin' got nothin' on you baby
