See people look for patterns
Recurring themes repeating
They don't look for change, they look for patterns
Thoughts, ideas, events, scenarios, conversations
Repeating

People look for patterns...

Harder getting inside
Order in to, chastice
Can't you get it, know how
Feel if dragging you down...
X2

It's now drifting
Come and get it
Come again
Armageddon
Come again
Come and get it
Armageddon...
Freeload and joke all the way
I am waiting for you
I am waiting
I am waiting for you
I'm still waiting
I am waiting for you
I'm still waiting
I am waiting for you...
But ha, I guess what we're looking for here
Essentially
Are new reslutions...
