

Fire Of The Mind

Coil

Does death come alone or with eager reinforcements?
Does death come alone or with eager reinforcements?
Death is centrifugal
Solar and logical
Decadent and symmetrical
Angels are mathematical
Angels are bestial
Man is the animal
Man is the animal

The blacker the sun
The darker the dawn
Flashes from the axis
Flashes from the axis
On the hummingway to the stars

Holy holy, holy holy, holy oh holy
Holy holy, holy holy, holy
Holy holy, holy holy, holy

Man is the animal

The blacker the suns
The darker the dawn
