

## Panic

Coil

"Anything  
Will be alright  
If you come out  
In the night"  
With your life sewn open  
Breath in  
Put the bone back in  
Buried under the skin  
Murder in reverse  
Out of time  
Out of place  
Out of spite  
Swallow the spike  
The only thing to fear  
Is fear itself...
