

# Bullet Proof Vest

Colbie Caillat

1. What are you trying to hide?  
You won't let me inside.  
The fear's only in your mind.  
I can see it in your eyes.

And I try to get through to you,  
But I don't know what to do.  
You're making it hard  
To get to your heart.  
And it seems these days,  
That everybody wears  
A bullet proof vest.

R: If love is a blank dart  
Shot from a heart-shaped gun,  
It only hurts you  
When you try to turn and run.  
When will you see  
That you don't need  
A bullet proof vest?

2. Please take it off for me.  
I won't shoot,  
I'll let you breathe  
I wanna feel you feeling me.  
Oh, baby, love?  
Don't bleed?

And I try to get through to you.  
I don't know what to do.  
You're making it hard  
To get to your heart.  
And it seems these days,  
That everybody wears  
A bullet proof vest.
