

Never Gonna Let You Down

Colbie Caillat

Low
When you're feeling low
And you just don't know where to run to
Broke
If your heart's been broke
And you feel like you're all alone
If you need something to believe in
If you're looking for a light to guide you home
Just look inside
You're light a shining brighter than you know
You should know
I'm never gonna let you down
I'm always gonna build you up
And when you're feeling lost
I will always find you love
I'm never gonna walk away
I'm always gonna have your back
And if nothing else you can always count on that
When you need me
I promise I will never let you down

Laugh
I will make you laugh
If you ever feel like crying
Close
I will hold you close
You won't be alone anymore
If you need someone to believe in
If you're reaching for a hand to guide you home
Just take my hand and I won't let you go
I hope you know

I'm never gonna let you down
I'm always gonna build you up
And when you're feeling lost
I will always find you love
I'm never gonna walk away
I'm always gonna have your back
And if nothing else you can always count on that
When you need me
I promise I will never let you down

Ain't never gonna let you down

If you need something to believe in
If you feel you've reached the end of the road
Don't be afraid, I'll always guide you home
You should know

I'm never gonna let you down
I'm always gonna build you up
And when you're feeling lost
I will always find you love
I'm never gonna walk away
I'm always gonna have your back
And if nothing else you can always count on that
When you need me

I promise I will never let you down
