

# Runnin

Colbie Caillat

I've been runnin' to river all along  
Keep on climbing 'cause of what I've known  
I was waiting for something real to start  
Almost dreaming up full bad of my heart

Watching my life throw into sea  
The time is taking its toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you  
Yeah

Now I'm sailing as far as I can see  
It's against the wind but now it carries me  
I was waiting for something real to start  
Glad I left some room here for you

Watching my life throw into sea  
The time is taking its toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you  
Oh, listen to your heart when you need more loving  
Take another chance when you need rush in your bones  
You're not alone  
Oh, if you start to feel like you can't stop runnin'  
Find another place that you feel like calling home, call it home  
Yeah yeah  
Yeah yeah

Watching my life throw into sea  
The time is taking its toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you

We're runnin'  
We're runnin'  
Uuuh uh uh uh  
I'm runnin'  
I'm runnin'  
With you
