

## Nights & Weekends

Cold War Kids

While they lined up to wait on Black Friday  
In a panic with shopping bags  
There were magazine racks of cruel attacks  
Seven new ways to please your man

She's everywhere you look  
(Everywhere you look)  
She's everywhere you look  
(Everywhere you look)  
She's everywhere you look  
(Everywhere you look)  
Where you look  
(Where you look)

Well she wanted to dance but lost her chance  
Now she feels like a waste of space  
On an island you might be in your mind  
But your soul won't be cast away

She's everywhere you look  
(Everywhere you look)  
She's everywhere you look  
(Everywhere you look)  
Everywhere you look  
(Everywhere)  
Where you look  
(Where you look)

Here she comes  
Here she comes  
Here she comes  
Here she comes  
You're above it  
You're above it  
You wanted it all  
You're above it  
You're above it  
You wanted it all  
Here she comes
