

# Daylight

Coldplay

To my surprise, and my delight  
I saw sunrise, I saw sunlight  
I am nothing in the dark  
And the clouds burst to show daylight

Ooh and the sun will shine  
Yeah on this heart of mine  
Ooh and I realise  
Who cannot live without  
Ooh come apart without  
It  
On a hill top, on a sky-rise  
Like a first born child  
At full tilt, and in full flight  
Defeat darkness, breaking daylight

Ooh and the sun will shine  
Yeah on this heart of mine  
Ooh and I realise  
Who cannot live without  
Ooh come apart without  
Daylight

Slowly breaking through the daylight
