G D9 Em7 C (x2)
Fixing up a car to drive in it again
Searching for the water, hoping for the rain
      Em7
Up and up, up and up
Down upon a canvas, working in a mill
Waiting for a chance to pick your orange field
      Em7
Up and up, up and up
See bird form a diamond in the rough
D9
See a bird soaring high above the flood
It's in your blood, it's in your blood
Underneath the storm an umbrella is saying
Sitting with the poison takes away the pain
      Em7
Up and up, up and up
We're gonna get it, get it together
I know we're gonna get it, get it together somehow
We're gonna get it, get it together and flow
We're gonna get it, get it together
I know, we're gonna get it, get it together and flow
We're gonna get it, get it together and go
                  D9 Em7 C
Up, and up, and up
Lying in the gutter aiming for the moon
Trying to empty out the ocean with a spoon
      Em7
Up and up, up and up
G
How can people suffer? How can people part?
                                                    Em7
How can people struggle? How can people break your heart?
```

Break your heart

G

Yes I wanna grow, yes, I wanna feel

D9 Em7

Yes I wanna know, show me how to heal it up,

heal it up

G

See the forest and then every seed

D9

Angels in the marble waiting to be freed

Em7 C

Just need love, just need love When the going is rough, saying

G

We're gonna get it, get it together

D F

I know we're gonna get it, get it together somehow

We're gonna get it, get it together and flow

G

We're gonna get it, get it together

D E

I know, we're gonna get it, get it together and flow

We're gonna get it, get it together and go

G I

But you can say what is a fire for it

Em7

.

Close your mind and take a risk

G

You can say it's mine, clench your fists

Em7

Or see each sunrise as a gift

We're gonna get it, get it together I know we're gonna get it, get it together somehow We're gonna get it, get it together and float

We're gonna get it, get it together I know, we're gonna get it, get it together and float We're gonna get it, get it together and go Up, and up, and up

We're gonna get it, get it together I know we're gonna get it, get it together somehow We're gonna get it, get it together and float

We're gonna get it, get it together I know, we're gonna get it, get it together and float We're gonna get it, get it together and go Up, and up, and up

Fixing up a car to drive in it again When you're in pain, when you think you had enough Don't ever give up
