

Inside Of Me

coldrain

Wake up

We will not surrender
To anyone at anytime
We will not surrender
Our hearts and minds will never die
Used be the one
Who said these words repeatedly
Now look what you've become
A part of them the fucking enemy

Open your eyes
Look what you've done to yourself
Open your eyes
Look what you've done to me

All I wanted was to be just like you
All I wanted was to see what you'd do
But now your breaking down
Slowly into dust inside of me

We will not surrender
To anyone at anytime
We will not surrender
Our hearts and minds will never die
Used to have a pact
To always have each others backs
But look what you have done
You turned it into a fucking tragedy

Inside I know your there
So help me to believe (help me to believe)

All I wanted was to be just like you
All I wanted was to see what you'd do
But now your breaking down
Slowly into dust inside of me

All I wanted was to be just like you
All I wanted was to see what you'd do
But now your breaking down
Slowly into dust inside of me

Inside of me
Inside of me
Inside of me
Inside of me
