

Insomnia

coldrain

With a cold embrace
You bring me to my knees
Like a waste of space
Leave me here to bleed
When silence speaks
Louder than a thousand screams
All I really need
Is a taste of fucking clarity

All this time
You complicate everything in my head

Feels like I'm falling
Dreaming of insomnia
Dreaming of insomnia
In my head
Feels like I'm falling
Dreaming of insomnia
Dreaming of insomnia
Who will save me now?

What if I give in,
Let you be under my skin?
Would you save me then,
Keep me free from sin?
When silence speaks
Louder than a thousand screams
All I really need
Is a taste of fucking clarity

All this time
You complicate everything in my head

Feels like I'm falling
Dreaming of insomnia
Dreaming of insomnia
In my head
Feels like I'm falling
Dreaming of insomnia
Dreaming of insomnia
Who will save me?

Who will save me now?

In due time
I'll find a way to
Get you out of my head
(My head, my head) Get out of my head

Get out of my head!

Feels like I'm falling
Dreaming of insomnia
Dreaming of insomnia
In my head
Feels like I'm falling
Dreaming of insomnia

Dreaming of insomnia
Who will save me now?

Let me be what I wanna be, now!
Let me be what I wanna be, now!
Let me be what I wanna be, now!
Let me be what I wanna be, now!
Let me be what I wanna be, now!
