

# We're Not Alone

coldrain

Sunlight was the only thing that felt right before I came here  
But inside it feels like it keeps raining  
And every drop is like the tears we couldn't cry  
Because inside we were all alone  
But this place gave us something, it somehow made us strong

If there's a place inside this world  
Where hopes and dreams are not yet lost  
We'll stand and fight against these walls  
We'll fight this fight forevermore

Sometimes I feel this anger changing slowly into  
A monster that keeps on creeping under  
And I don't think that I can take anymore  
I need you here like never before  
But can you hear me call?

If there's a place inside this world  
Where hopes and dreams are not yet lost  
We'll stand and fight against these walls  
We'll fight this fight forevermore  
If there's a place inside this world  
Where we must go back to once more  
Until the day we find that place  
We're not alone

When things go bad  
When things go wrong  
When on the verge of letting go  
There's something that I really want you to know

You're not alone  
No you're not alone anymore

If there's a place inside this world  
Where hopes and dreams are not yet lost  
We'll stand and fight against these walls  
We'll fight this fight forevermore  
If there's a place inside this world  
Where we must go back to once more  
Until the day we find that place  
We're not alone  
We're not alone

When things go bad  
When things go wrong  
When on the verge of letting go  
There's something that I really want you to know.
