

# Though You Are Far Away

Colin Blunstone

Though you are far away  
I'm with you in every way  
Close your eyes  
You will see

Sleepy head so close to mine  
And I'll whisper quietly in your ear  
Close your eyes  
You will see

If you're ever feeling sad, down and lonely  
Think of me thinking of you  
If you ever feel you need somebody close to you  
Think of me thinking of you

So between you and I  
Time and miles are not to cry  
Close your eyes  
And you will see

Though you are far away  
I'm with you in every way  
Oh, close your eyes  
You will see
