

If I Go

Colin Hay

My love, you're tired and it's late
But I have to say what I have to say
I am not clear if you still want me near
If you do, please let me know
I'm no longer waiting for tomorrow
While there's still time left today

If I go
You'll be with me
If you want me to stay
We'll fix whatever's broken
Wherever I go
I'll be with you
My love's deeper than the sea
And taller than a mountain

You held my life
On a puppet string
I have no secrets from you
Tell me my love, is it still good enough
If it's not please set me free
You're nonchalant, you're drifting with the breeze
Now won't you listen to me please

If I go
You'll be with me
If you want me to stay
We'll fix whatever's broken
Wherever I go
I'll be with you
My love's deeper than the sea
And taller than a mountain

No longer waiting for tomorrow
While there's still time left today

If I go
You'll be with me
If you want me to stay
We'll fix whatever's broken
Wherever I go
I'll be with you
My love's deeper than the sea
And taller than a mountain
