

# Where The Sky Is Blue

Colin Hay

How do how do you do  
I loved you since I first saw you  
Tell me will you be mine  
Through the winter and into summertime  
I can see the sun is poking through  
Shining on the likes of me and you  
I am going why don't you come too  
Let's go where the sky is blue

Glasgow dear old Glasgow town  
We love you but we'll be seeing you 'round  
We're walking down that beaten track  
Can't say for sure we're comin' back  
The north wind is chillin' to the bone  
This house no longer is our home  
Let's sail away just me and you  
Let's go where the sky is blue

My how how the time has flown  
An' I'll never leave you all alone  
Forever and a day I say I do  
Let's go where the sky is blue

How do how do you do  
Yeah all those all the things you do  
I want to have this dance with you  
The first one and the last one too  
Come with me darlin' if you will  
We can't win if we're standing still  
Let's change yeah change our point of view  
Let's go where the sky is blue  
Let's go where the sky is blue  
Let's go where the sky is blue
