

Goin' Away

Colin James

Well I'm going away just to worry you off my mind
Well I'm going away just to worry you off my mind
Well you keep me worried but I'm bothered all the time

Well, I ain't never loved but four women in my life
Well, I ain't never loved but four women in my life
That's my mother, my sister, my sweetheart and my wife

I said goodbye baby, if you call at dawn
I said goodbye baby, if you call at dawn
But you can leave me now, but I swear you won't be long

Well I'm going away just to worry you off my mind
Well I'm going away just to worry you off my mind
Well you keep me worried but I'm bothered all the time

I said goodbye baby, if you call at dawn
I said goodbye baby, if you call at dawn
But you can leave me now, but I swear you won't be long

I'm going away, I'm going away
