

# Please, Baby Don't Do That

Colin James

Alright

I took to you like a bee to a honeycomb  
I spent the first three days just hangin' on the telephone  
You got me hooked but I know I'm not the only catch  
I love everything about you but please baby don't do that

You looked at him the way you used to look at me  
That was one of those things that I wish I didn't have to see  
I can't take this thought like a-tumbling along a mat  
I love everything about you but baby please don't do that

Don't do that cause I don't wanna go cool on you  
Don't do that cause I still want those sweet things that you do  
In your [?] like a natural born [?]  
I love everything about you but baby please don't do that

Well I'm playing wait and see back sitting at home  
It's cause half of you is as good as being alone  
You got swinging doors but you know I'm no swinging cat  
I love everything about you but baby please don't do that

Don't do that cause I don't wanna go cool on you  
Don't do that cause I just love those sweet things that you do  
In your [?] like a natural born [?]  
I love everything about you but baby please don't do that  
I love everything about you but baby please don't do that
