I see some people run out a control (yeah)
Staying true to myself and mi nah sell mi soul
Wooo aahh yaaaa
Come make we put a little love inna di bowl
Because the full has been never have never been told
Yah well

Why every road that we pave they put a stop sign in it (yeah) And every door that we open in they keep locking it Protect your account cause babylon we lock in it Me sing, use love player the way All even when you put a trap in it

Alright then they can't stop my love (no no no)
None a dem can't stop my love (no)
They can't stop my love whithin (yeah)
So when me sing they can't stop jah love (no)
None a dem can't stop jah love (no)
This is what I have whithin (yah)

Stay wild reality nah change no time
The tree never changes it a still a bare lime
The moon still a glow and the sun still a shine
And the winds still a blow and the stars still align
The only change because of a mankind
So we are put back love in the hearts a mankind
We need some changes of the thoughts from mankind
We nah go sit down and reason

Oh yeah yeah yeah
Why every road that we pave they put a stop sign in it
I really got to know now
And every door that we open in they keep locking it
Why you nah open your door now
Protect your account cause babylon we lock in it
Me sing, use love player the way all even
When they put a trap in it

Alright then they can't stop my love (no no no)
None a dem can't stop my love (no)
They can't stop my love whithin (yeah)
So when me sing they can't stop jah love (no)
None a dem can't stop jah love (no)
This is what I have whithin (yah)
