My mind is clear My place is here Ill stand my ground Ill never leave Im not a puppet on a string Stand up for yourself Stand up for your life Make your own path Follow your heart I don't need someone to guide me through my life I don't need someone to see things through my eyes Although the goals I have are out of sight I have to find them myself, this is my own fight Please leave it alone You are not my clone We have different goals And skills unknown And I would like to discover my own Stand up for yourself Stand up for your life Make your own path Follow your heart
