From The Back

Color Me Badd

Oh, ah
Oh, yeah, CMB, Once again it's on folks,
Ah yeah, Sexual, exoticness
One time for your mind,
Two times for your soul.
And this is J.B. ha, ha, ha...
Come on, it's like, Come on it's like...
Yeah! let'em know

You're all alone
I bet you're thinking to yourself
Why your thighs
Are sitting there by themselves
You're the kind of girl
To call me up and over coming fly
And it don't intimidate me
Your body is so slamming
Girl I can't grab control
'Cause I'll be grabbing everything soft. Ooh...
It's just so nice to kick it with someone who's sexuality,
Says nothing but can I get you off,
And I said,

[Chorus:]
Any day an night, anywhere is right, back of my jeep
When I get you from the back, baby (back baby, yeah!)
There's more cushion for the pushin' from the back.
If I get you back tonight
If I get ya' back tonight
I wanna' make you come faster, faster
I wanna' ride you to, here and after
From the back

Yo, ho ho ho (on the real deal)
I think it's time for you and me to make love, (yeah, it's about that time)
Wild and wet fantasy
When were playing doctor baby I'll be Mister Freaky M.D
I'll get your free full body examination, like the way the doctor suppose to
 be.
Cause' baby you've got somethin'- somethin' so right (oh ya!)
I can get so-oh, into you
Pretty back, back, front of me
You better grab, grab, hold on to me.
Hold on to something to tight.
Cause' I am about to give you something right

You say you're just thinking about it
How it makes you loose control (loose it baby, loose it baby)
But pretty soon you'll be sittin' wet in your seat
Hey baby that's OK, I'll just come over and see (come on, come on)
Soak it up, soak it up, sponge it up,
You can take a mike check on me. (yeah, baby)

[Chorus x2]

Oh, no no no damn.
Girl, yes, give me all baby (all night long)

```
I wanna' love you from the back, baby
I just want you to be you.

[Chorus]

Said I wanna' get you off...
I wanna' make you come, here and after (oh...)
Love you in the morning...
Love you in the night...
Make you funk, funk, back, back
Feels so right.
Yes...
```
