There's nothing here for me and you

19, 1982

You won't get a job anywhere

Not when you've got short hair

There's nothing here for me and you

There's nothing here for me and you

19, 1982

You let jobs go into the distance

Your on the dole for your existence

More Fleeced attention

More forced intentions

There's nothing here for me and you
