

## Falling Apart

Comeback Kid

right now I'm feeling useless  
it's all the same  
it's all the same to me  
this curse is growing stronger  
this isn't how I thought it would be now  
I would pave the way  
but I've got nothing to say  
thinking out loud  
who do you want me to be me

we saw, WE HAD A VISION  
we heard, BUT DIDN'T LISTEN  
I never could accept  
what they would offer  
what they would offer  
what they would give

my battle's not against you  
I'm fighting with myself  
because I'm pulled in each direction  
they're all the same with different names  
falling apart (fall down fall)  
falling apart (fall down fall)  
falling apart (fall down fall)  
FALLING APART

we can't pretend  
we can't pretend  
that we've ever been safe  
can you hear the sound  
believe  
believe  
BELIEVE

find your reasons beyond  
feed the urge, take it beyond  
BELIEVE  
find your reasons beyond  
feed the urge, take it beyond
