

# Wide Open

Commodores

Let me tell you what I'm gonna do  
Gonna try to get next to you, yeah  
It ain't gonna be no pick and choose  
Love is a game that I hate to lose, yeah

I'm not speaking for nobody else  
I'm only speaking for myself  
Hey!

Check out in your mind, what I'm saying  
Give or take, Lord knows I've been praying  
Nothing you can do, nothing you can say  
I'm coming after your love any way

I'm just letting you know, I'm gonna be  
Wide open  
(For you baby)  
Wide open  
(For your love)  
Wide open  
(For you baby)  
Wide open  
(For your love)

Hey, hey hey hey, well, well

Let me tell you what I'm all about  
I believe in letting it all hang out  
Let me tell you what I'm all about  
I believe in letting it all hang out, now  
I'm wide open, hey  
For you baby, yeah

I'm wide open  
For your love, sho'nuff for your love

I know that anything goes for you

I'm wide open (Wide open for your love)  
My oh my (Wide open for your love)  
I'm wide open (Wide open for your love)  
Sho'nuff for your love, baby (Wide open for your love)  
I'm wide open (Wide open for your love)  
For your love (Wide open for your love)  
Hey, hey hey (Wide open for your love)  
Yeah (Wide open for your love)  
Wide (Wide open for your love) ....
