

Can't Relate

Common Enemy

GO!

Refuse to believe that this is it, is this the reason why I exist?

Stuck on repeat, wanna fall asleep

Where's my house my wife and kids,

I'm not greedy I just wanna live

I'm not sorry, but I can't relate

Bills to feed, mouths to pay,

Jewel was right, but I have to say...

Don't have the answers don't get me wrong

But you know it kills me

To see it kill us all

Stuck in traffic, feel so inadequate now

I'm sorry but I can't fucking relate
