

Because I Can

Concrete Blonde

Here I am
In a strange new world
Someplace
somewhere in time

I found my place
Where the high turns blue
And I walked
right out of my mind

Because I wanna
Because I can
Because I wanna
Because I can

Here I am
And I think I'll stay
Until I
Fly out over the wire

Clean and clear
I think I
Like it here
I delight in the light of my fire

Because I wanna
Because I can
Because I wanna
Because I can

Life is a lonely lesson
Life is a lonely lesson
Life is a lonely lesson
Life is a lonely lesson
Life is a lonely lesson
Life is a lonely lesson
Life is a lonely lesson
Life

Because I wanna
Because I can
Because I wanna
Because I can
Because I wanna
Because I can
Because I wanna
Because I can
