

## Love Paid With Death

Confide

The gun is covered  
Until exposed by the truth  
This bullet inked with greed  
From the gluttons heart  
In tongues he spoke

He cried out with pride  
Saved with that of envy  
Bathed in lust  
Desire of you purified by hate

Die With me  
Everything I know  
Everything I know has killed you  
Everything  
The anger in your heart will not go  
Unnoticed

Unnoticed

When will you hear  
The shrieking of your shameful heart  
That death has claimed many for his own
