

Anyday, your gonna to throw it all away  
see you got it just throw away  
now here you wind  
how its coming in from all sides  
you got it coming  
riding in on you  
this is what we should do  
lets go to boy island  
book a passage  
for a few days in sun  
waiting and watching for girls to come  
waiting, watching  
You know  
you came up with it too long ago  
see it happened  
so long ago  
how could you know  
lets go to boy island  
book a passage  
for a few days in sun  
waiting and watch for girls to come  
waiting, watching  
waiting, watching for girls to come  
waiting, watching  
Everyday  
you've got to throw it all away  
see you got it, just throw it away  
that's what I might say  
lets run to boy island  
book a passage  
for a few days in sun  
waiting and watch for girls to come  
waiting, watching for girls to come  
waiting, watching  
just like mary waits in the sun  
just like mary waits in the sun  
waiting, watching for girls to come  
waiting, watching  
Boy, oh boy...
