

Ain't Got No Friends

Conor Maynard

Ain't got no friends
Ain't got a job to lose
No fancy things
Ain't got no friends

What can I say, ay
Maybe I'm a let down
Everybody left me
But nobody I care about
And I guess it should've made me feel
Feel like kinda lonely
But what can I say, ay
I ain't, ain't

Ain't got no friends
Ain't got a job to lose
No fancy things
And I know my ride ain't cool
And I know I should be low, I know, I know
But it's all good
Ain't got no friends
Ain't got no friends

But I got you
Yeah, I got you, ooh, oh
I got you
You know, you know, you know
I got you, you

Waiting for my baby
It ain't ever coming home
Everybody hates me
But nobody I wanna know
And I guess I should be mad about the things
That don't go my way
But what can I say, ay
I ain't, ain't

Ain't got no friends
Ain't got a job to lose
No fancy things
And I know my ride ain't cool
And I know I should be low, I know, I know
But it's all good
Ain't got no friends
Ain't got no friends

But I got you
Yeah I got you, ooh, oh
I got you
You know, you know, you know
I got you, you
Hey, yeah

Ain't got no friends
Ain't got a job to lose
No fancy things

I know my ride ain't cool
And I know I should be low, I know, I know
But it's all good
Ain't got no friends
Ain't got no friends
Ain't got no friends
