

Hit The Lights

Conor Maynard

Turn the lights on
Hit the lights (5x)

Baby hold it
And let me holla at you baby for a moment
And if you with it, i'm with it, we'll keep it rollin'
And we'll be dancing and drinking until de morning, until the morning

Starters going off, it's so hot that i'm just taking all my clothes off
So take a picture of this moment with your iPhone
'cause I don't wanna forget tonight, night, night, night

Put your lighters in the air
Let them burn into the night
And let everybody know
That you're with it and you're ready to go

So hit the lights, hit the lights, tonight, tonight
So hit the lights, hit the lights (5x)
Come out of the dark and let the DJ lead the way, way, way
'cause it's hot in the club now, so don't let it stop now
So hit the lights, hit the lights (5x)
And everybody say

Uh oh oh, uh oh

Damn girl, who that be
Own the scene, uncertainty
You just still a mystery but tonight we'll make history
Let's mess up this club
Half the time, let's wake the town
In the club, baby what's up
Life is though so feel them cough
Sippin' on a Rhumy, got me walkin' like a momy
Lookin' fly like Bees, and a mat for your honey
Do what I do and as I please
No one is seen to win like me
This is all good until the breaker down
Drink and pour all night long
Hit the lights and turn them bright
And let's make up until it's the night

Put your lighters in the air
Let them burn into the sky
And let everybody know
That you're with it and you're ready to go

So hit the lights, hit the lights, tonight, tonight
So hit the lights, hit the lights (5x)
Come out of the dark and let the DJ lead the way, way, way
'cause it's hot in the club now, so don't let it stop now
So hit the lights, hit the lights (5x)
And everybody say

Hit the lights, yeah
Oh here we go now
No lights the whole night's glowing in the dark now

Lookin' like lava, so rave and it's like i'm seeing sounds
And i'm loving your melody, you're playing so close to me
Baby we can do it with the lights on, lights off
Just as long as you let me take them clothes off
But first we got to set the night off
Set it off into the sky, the sky, the sky

Turn em low (2x)
Turn em high (2x)
Light it up (2x)
To the sky (2x)

Turn em low (2x)
Turn em high (2x)
Light it up (2x)
To the sky

So hit the lights, hit the lights, tonight, tonight
So hit the lights, hit the lights (5x)
Come out of the dark and let the DJ lead the way, way, way
'cause it's hot in the club now, so don't let it stop now
So hit the lights, hit the lights
