

My Last

Conor Maynard

Hands up in the air
I just want the
I just want the baddest bitch in the world right here on my lap
And I'm a hit this drink up like it's my last
I'm a I'm a hit this night up like it's my last
I'm a I'm a hit ass up like it's my last
Swear I'm a swear I'm a do it like I like I never had it at all all all all
Like I never had all all all all

Yo from the minute that she walked in
She was scorching so I swarmed in
And got talkative you know normal things that people talk about
We got a bottle of the Morgan's out and fooled around
Then we walked to the couch and we have a seat
She was glad to meet me
I was pretty happy see
This is had to mean she wanted more than just a chat with me
We swap numbers then we had to leave
I am gonna show her that I'm more than just a funny guy
I got love inside but I like the money side
I worry die might fuck it up if I
Don't stop her and tell her I'm gonna try just try
So listen lady you probably think I'm crazy
If you're thinking what I'm thinking you should lick her daily
She kissed me on the face than she made a way
I can tell it was more than just a maybe

And I'm a hit this drink up like it's my last
I'm a I'm a hit this night up like it's my last
I'm a I'm a hit ass up like it's my last
Swear I'm a swear I'm a do it like I like I never had it at all all all all
Like I like I never had it at all all all all
Like I never had it at all
Like I like I never had it at all all all all

And I'm a fill this glass up like it's my last
I'm a make this night last like it's my last
I'm a take a chance like it's my last
And I'm a make it last like it's my last
I wish I had the money for your flashy things
Designer shoes with them matching rings
I am on a route to the cash and blink
And when my music pays Jude then we're marrying
You're getting spoiled cause you haven't been
So I'm a give you more than a man can give
And if you think that I'm living in a dream
When your'e living with the sease
You will be living a dream
Stick with me if you wish to be free
We could have it so easy
I'll give you everything you need it
And you can be misses Ceezlin

Hands up in the air
One time for the South side let me see them
Hands up in the air
And if you like good music

Let me see them hands up in the air
Brighton with your hands up let me see them
Hands up in the air

And I'm a hit this drink up like it's my last
I'm a I'm a hit this night up like it's my last
I'm a I'm a hit ass up like it's my last
Swear I'm a swear I'm a do it like I like I never had it at all all all all
Like I never had it at all all all all

Big ass bottles
Big ice buckets
I work too hard to be bawling on a budget
Me and my people do it big out in public
Cause if you don't do it big bitch you ain't doing nothing
And I'm a hit this drink up like it's my last
I'm a I'm a hit this night up like it's my last
I'm a I'm a hit ass up like it's my last
Swear I'm a swear I'm a do it like I like I never had it at all all all all
Like I never had it at all all all all
All all all all
Like I like I never had it at all all all all
