Stranded Stranded im so stranded
Oh oh baby oh

it's over and done now..
and now i'm sitting here, thinking that I made the mistake of m
y life babe
and after having the worse fight, we ever had.. I said I wanna
move on baby
for so many days you were only tryin' to love me, I was so imma
ture baby
so many girls, I was getting attention
but I'm grown now, and all this spending time that I didn't wan
na do is cos I didn't wanna settle down..
but my soul reach, a heart that I was killing that's not all I
could think about..
now, I was wrong baby.. when I have the chance baby,
and I ran away the closest thing to me.. Girl, I'm stranded

Girl, I'm stranded
all that we had is gone and i'm sad baby
what am i gone do now..
Girl, I'm stranded
all that we had is gone and i'm sad baby
what am i gone do now.. Listen

none of those, calls that I would recieve when you use to plead
for me asking who was she
have stopped coming in, but girl i don't even want
somebody touching me when the chemistry ain't even you and me
cos sex with no emotion ain't nothin' to talk about
i'm at the point that i'm looking for riddance baby..
cos mama use to tell me when a good thing comes around
boy, you better seize the moment baby.. cos nothing
is promised tomorrow.. Girl, I'm stranded

Girl, I'm stranded
all that we had is gone and i'm sad baby
what am i gone do now..
Girl, I'm stranded
all that we had is gone and i'm sad baby
what am i gone do now..
