

# You Broke Me First

Conor Maynard

Maybe you don't like talking too much about yourself  
But you shoulda told me that you were thinking 'bout someone else  
You're drunk at a party or maybe it's just that your car broke down  
Your phone's been off for a couple of months, so you're calling me now

I know you, you're like this  
When shit don't go your way you needed me to fix it  
And like me, I did  
But I ran out of every reason

Now suddenly you're asking for it back  
And could you tell me, where'd you get the nerve?  
Yeah, you could say you miss all that we had  
But I don't really care how bad it hurts  
When you broke me first  
You broke me first

Took awhile, was in denial when I first heard  
That you moved on quicker than I could've ever, you know that hurt  
Swear for a while I would stare at my phone just to see your name  
But now that it's there, I don't really know what to say

I know you, you're like this  
When shit don't go your way you needed me to fix it  
And like me, I did  
But I ran out of every reason

Now suddenly you're asking for it back  
And could you tell me, where'd you get the nerve?  
Yeah, you could say you miss all that we had  
But I don't really care how bad it hurts  
When you broke me first  
You broke me first  
You broke me first  
You broke me first
