

When Finally Set Free

Copeland

Feel the pain teaching us how much more we can take
Reminding us how far we've come
Let the pain burn away from our hearts
We have time to start all over again

Feel the pain teaching us how much more we can take
Reminding us how far we've come
Let the pain burn away from our hearts
We have time to start all over again

Feel the pain teaching us how much more we can take
Reminding us how far we've come
Let the pain burn away from our heart
We have time to start all over again

Well if you would shine your love down here oh
Make our hearts as perfect as new
Oh if you would shine your love down here oh

I promise I'll reflect it right back at you
Oh I promise I'll reflect it right back at you
Oh I promise we'll reflect it right back at you
