

Leaving You

Corey Crowder

you leave me here with a bad taste in my mouth
leave with my friends and head right out of town
and i'll miss you like i miss an old tooth ache
and leaving you is gonna fix all my mistakes

so i'll take my car and head straight out west
finally find the place where i can rest
and i've been so run down from the things you say
and leaving you is gonna fix all my mistakes

but honey when i lay in bed at night
it's me that's left alone and cryin' for you
and ain't that cool
and since it seems like you don't care
i'll be heading straight to where i know
there's no you

so call up my old friends and have a good time
fix all the pain you left and try to unwind
and i'll be back to my old self one of these days
cus leaving you is gonna fix all my mistakes
leaving you is gonna fix all my mistakes

yeah leaving you is gonna fix all my mistakes
