

Lost World

Count Raven

Free, you say you're gonna be
Me, I don't at all agree
The facts of life you don't see
Either truth or reality

Don't let my words bring you down
Just keep on trying
I just can't say that you will be free
If I did I'd be lying

Countries, they have all governments
It's not how the world was meant
Power in the hands of fools
They are all the devil's tools

Revolution will set you free
But only temporarily
To fight in stages time and time again
Or we face eternal darkness and pain

We are living at the end of time
It's the worst and best for the human kind
Fight to the end, that's our destiny
Until all evil hearts are gone or set free

The lion will lie down with the lamb
That we do not understand
Predator: is not a natural state
Creation bound in eternal hate

You know evil won't go away
And that it is here to stay
Until the redeemer comes
The fight goes on and on

Don't let my words bring you down
Just keep on trying
I just can't say that you'll be free
If I did I'd be lying
