

# Lost My Driving Wheel

Cowboy Junkies

Just came up on the midnight special  
Hey, how 'bout that  
My car broke down in Texas  
she stopped dead in her tracks  
Just called to tell you that I need you  
Just called to tell you how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

They took my money on the night train north  
What a terrible thing  
I gave my promise that I will be there with you  
by Saturday night  
I want to tell you that I need you  
I need to tell you how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

You can't say much in a phone call, babe  
You know how it is  
I have to tell you one sure thing  
Oh, won't you listen to this  
I want to tell you that I love you, babe  
I want to tell you just how I feel

I feel like some old engine that's lost my driving wheel  
I feel like some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel  
Some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel
