Just came up on the midnight special
Hey, how 'bout that
My car broke down in Texas
she stopped dead in her tracks
Just called to tell you that I need you
Just called to tell you how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

They took my money on the night train north What a terrible thing
I gave my promise that I will be there with you by Saturday night
I want to tell you that I need you
I need to tell you how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

You can't say much in a phone call, babe
You know how it is
I have to tell you one sure thing
Oh, won't you listen to this
I want to tell you that I love you, babe
I want to tell you just how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel Some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel
