

## 3-Way Lisa

Cows

I take Lisa to the movies-she's my date  
But I know there's a's in there, I can't wait,  
I take there's a in the back seat all night long,  
It's there's a in my backseat-then she's gone,  
We drive down by the river, I'm getting bored,  
And there's a's getting anxious, she feels ignored,  
Then the eyes roll back, yeah, here comes there's a,  
Now there's a girl I can get a piece of,  
Come morning Lisa will feel like hell,  
But who can she tell?,  
I take her back to her place, we shake hands,  
Then I make a date with Lisa- I've got plans...
