

Blown

Cows

Seems the votes are all in on my zen Stalin Now the tanks are rolling You've finally figured out that it's not all in your head You got a plan, you wanna be free If you think I'm gonna stop you then you don't know me Cuz I ain't got the strength, I ain't got the muscle So if you're gonna go then go man, go I've shown you what I've got, I told you what I know I'm blown

I hit the ol' sack with my thirteen pack My head's a whorehouse Got nothing in my pockets, I can't get out of bed I just want a hug, I just want a beer You wanna ride but I don't wanna steer Cuz I ain't got the strength, I ain't got the muscle So if you're gonna go then go man, go You're a little fast and I'm a little slow And I'm blown

You're looking awesome you're one curve blossom You want to talk some But I'm trying to watch the tube and you're getting in the way You still have your looks you still have your friends I got a bad poem, I guess that's where it ends Cuz I ain't got the strength, I ain't got the muscle So if you're gonna go then go man, go I'm doing all my tricks, I'm putting on a show But I'm blown
