

# No, I'm Not Coming Out

Cows

All my friends, they have me surrounded  
All the same, I'm not coming out

Though they try they cannot defeat me  
Can't defeat me, can't beat me  
But I'm impressed

They all know that they're not invited  
I won't leave while I'm breathing  
It's my house

Mom and Dad when you read about this  
Just remember I warned them  
And it's my fault
