

Orphan's Tragedy

Cows

She got a break - who wants it? Then she lost it all - o' tragedy
What can I say? I'd use it She wants to shoot She's heading
home

If it's gotta go - she wants it She'll buy it up - you like that
But she's seen a ghost - she's had it She shot out the light
- it had to go

You want it all - go get it She'll give it up - it's all junk Pull
up your pants - don't do that She wants to shoot - who wants
it? She wants a shoot 'em up She wants to shoot 'em all Who
wants a shot? She's heading home

You want it all - go get it She'll give it up - it's all junk
What can I say? I'd use it She wants to shoot - who wants it? She
wants a shoot 'em up She wants to shoot 'em all Who wants a
shot? She's heading home
