

## Songs of Soviet Sons

Crack the Sky

Sing songs of Soviet sons  
Hear the screaming of the midnight guns  
Send your children to America  
Where they can live like kings  
Sing songs of Soviet sons  
Hear the rain and the soldiers run  
Send your family to America  
Where they can live in peace

Daddy don't you know  
It's no different anywhere  
Daddy don't you know  
We love it here  
Daddy you're a fool  
If you believe  
Those stories of a better world across the sea  
Oh, no, we're staying here  
We're staying

Sing songs of Soviet sons  
Wipe the tears of the frozen ones  
Keep your family close to you  
And you can live like kings  
Sing songs of Soviet sons
