

# I Got You

Craig Morgan

I've had big dreams, come true and I believe in  
Angels, Although I can't see them,  
They're watching over everything I do  
Ain't no easy street around the bend in my road  
No pot of gold at the end of my rainbow  
But I don't mind, 'cause baby I got you

THE RAIN, KEEPS THE FLOWERS FROM DYIN'  
THE SUN, LIGHTS THE WORLD WHEN IT SHINES  
THE MIDNIGHT SKY HAS A BLANKET OF STARS AND THE MOON  
AND BABY I GOT YOU

I can't imagine, one day without you in it  
Life alone, it just wouldn't be worth livin'  
Love would be a wish that never came true  
Lord knows, I've got more than I deserve  
But I don't question the prayers I've been answered  
I did something right  
'cause baby I've got you

THE RAIN, KEEPS THE FLOWERS FROM DYIN'  
THE SUN, LIGHTS THE WORLD WHEN IT SHINES  
THE MIDNIGHT SKY HAS A BLANKET OF STARS AND THE MOON  
AND BABY I GOT YOU...

OHHH, the rain, keeps the flowers from dyin'  
the sun, lights the world when it shines  
the midnight sky has a blanket of stars and the moon  
and baby ive got you,  
'keeps the flowers from dyin'  
the sun, lights the world when it shines  
the midnight sky has a blanket of stars and the moon  
and baby ive got you..

YeaHH, ohh..baby I got you
