

We'll Come Back Around

Craig Morgan

Put your fist through the wall
Say your through with it all
Baby I'm through too
Let's throw a log on the fire of the heat of the moment
Put your key in the car
Jerk it right outta park
Flip a big F-you
Spin your tires on the gravel and throw it

'Cause I know you love me
When you hate me
Baby I ain't gonna let it phase me
Right now we're just a
Circus leavin' town but we'll come back around

This ain't the worst we've seen
Ain't the first bad dream
Ain't the third world war
Every once in a while we just gotta get out fight on
You say you won't come back
I say amen to that then I lock that door
But I know you got a key and I'm gonna leave a light on

You know I love you
When I hate you
You show up girl
You know I'm gonna take you
Baby even the moon and the sun got their ups and downs
We'll come back around

Na na na na
Na na na na
Na na na na na na na na

When the winds and the rains are gone
We'll both be sorry even if it don't get said
No matter how over we are
We never get to far from right back in this bed

I know you love me
When you hate me
Baby I ain't gonna let it phase me
Right now we're a pair of hearts and the chips are down
But we'll come back around

You know I love you
When I hate you
You show up girl
You know I'm gonna take you
We're just a couple of kids on a merry go round
But we'll come back around

Na na na na
Na na na na
Na na na na na na na na
Na na na na
Na na na na

Na na na na na na na na na
