

Stay

Cretin

Leaping from my hiding place
Ripping through your clothes
Restrain your fucking arms and legs
Leaving you exposed
Drag you to the bench nearby
You try to run away
I sit you down, duct tape you up
And put you on display
Struggling, I see the fear in your eyes
Mummified in silver tape, left to cry
My unsuspecting prey
Train you to obey
I turn and walk away
Stay
Dance around and mock your moans
Call you dirty names
Throwing objects at your breasts
Adding to your shame
Jabbing twigs into your ribs
Poking until they snap
Vomit on your taped up face
Makes me cheer and clap
Struggling, I see the fear in your eyes
Mummified in silver tape, left to cry
My unsuspecting prey
Train you to obey
I turn and walk away
Stay
