

Xenomorph Blood

Crisix

Found in the shadows
Cradle of death
Something I wouldn't expect
A terrifying creature
Is coming from there
Jumping straight to my face

To my face!
Jumping straight to my face!

Is this my last breath?
Deadly embrace
Coma for now, it's the end
After this nightmare
Finally awake
The facehugger seems to be dead

Xenomorph blood!
Xenomorph blood!
Xenomorph blood!
Acid death to all!

What is this pain now?
What's what I feel? S
Something's alive inside me
Some kind of lifeform
Bloody reborn Parasite out of control
Now I am a dead man
The monster is free
Blood will be spilled in this ship
The beast is hungry It's coming for you
This is the end of the trip

Xenomorph blood!
Xenomorph blood!
Xenomorph blood!
Acid death to all!

Acid death to you!
Terror attacks! In space!
No one can hear you scream!
Pain! Pain! In space!
No one can hear you scream!

It will follow your trace!
Prey's trace!
It wants your blood and consume all your flesh
Prey's flesh!
Dark, deep isolation
There's no salvation!

Xenomorph blood!
Xenomorph blood!
Xenomorph blood!
Acid death to all!
